MEMORANDUM FOR: Deputy Director of Central Intelligence
THROUGH: Deputy Director for Intelligence
FROM: Associate Deputy Director for Intelligence
SUBJECT: Community Response to the 1982 NITs

1. Action Requested: Your concurrence with recommendations contained in paragraph 4, regarding the attached summary of Community production and the proposed 15 December SIG(I) meeting.

2. Background: The attached report describes Community intelligence production relevant to the 1982 NITs. It covers the period 1 June to 15 November 1982, and includes primarily finished product. Typescripts, current reporting, biographic reports, and research aids are generally not included. No attempt was made at this time to identify specific gaps in our analytic, collection, or processing capabilities which prevent full response to any of the NITs. The gaps presentation is intended to be done only twice a year--the first time in March 1983.

3. Staff Position: The report is a good representation of Community performance on NIT issues. Neither Bob nor I, however, believe that the questionnaire at TAB A is particularly useful. On the other hand, we do feel that the SIG(I) meeting should be held as scheduled, to give the members a chance to state how well they think their current needs (i.e., the NITs) are being satisfied, and to identify new concerns they may have.

4. Recommendations: That the SIG(I) meeting be ~~held as scheduled on 15 December~~ *2nd week in Jan. on*, and that the attached report be sent as written, except with the questionnaire deleted. Focus for discussion at the meeting can be provided in the transmittal memo to SIG(I) principals.
